

## Pick your own fruit orchard & flower sale

about project

# L47

### Budget

EUR 180,000,00 (Ex. VAT)

### Municipal contribution

-

### Municipal sectors/ directorates

Tirana Parks and  
Recreation Agency

### PROJECT DESCRIPTION

This project envisions the set-up of a 5 hectare orchard aimed to attract urban dwellers to come and pick their own fruit. 1 hectare will be set aside for the strawberry production which will be marketed exclusively for the pick-your-own customers. In addition, a flower plant greenhouse will produce flowers for the needs of TPRA in special parks or decorations in recreational areas under its administration as well as for daily sale to the public. A number of facilities such as picnic tables, shades, clean restrooms, drinking water fountain and a petting zoo will be installed to accommodate customers and to encourage them to spend quality family time at the farm. The generated income will help TPRA raise its capacities to fund green projects.

### OVERALL OBJECTIVE

Set-up of a 5 ha orchards that provides the community with quality organic fruit, while simultaneously allowing for enjoying quality time.

### PRELIMINARY IMPACTS

- ⇒ It will impact the local community, changing the mindset towards Bio products and generate income for the Municipal Budget.
- ⇒ Creation of 3 different orchards of fruit trees;
- ⇒ Building a greenhouse for flower seedlings that will be moved into the nursery at a lower costs than buying seedlings in the first place.
- ⇒ Market the flowers in the farm and on info check point stalls at the Tirana Lake Park.
- ⇒ A petting zoo that will make the farm popular among small children
- ⇒ Furbishing the farm with a small pond and a wooden overpass, a nice wooden veranda and restaurant where visitors can relax and enjoy refreshments or food.
