## Day care center for the elderly, in the Krraba Administrative Unit

about project

S02

### Budget

ALL 5,000,000

### PROJECT DESCRIPTION

The Administrative Unit Krrabë has plans to transform an existing facility into a daycare center for the elderly. The facility is already at the disposal of this social group, however it fails to offer decent conditions and facilities that are suitable for the intended purpose. The first phase of the project will consist in the drafting and implementation of the project after the assesment of the asset and the necessary interventions. In the second phase, the center will be rendered functional and equipped with the necessary staff which will provide social, health, cultural and informative services. The canter will have a social worker, a psychologist, and doctor who will offer services designed to meet the needs and requirements of the beneficiaries. Such activities will be based on individual assess-ment of each of the beneficiaries of the center and an individualized treatment package.

### OVERALL OBJECTIVE

Improving the quality of life of the elderly by providing a daycare center which will provide not only possibilities to socialize, but also other specialized services required by this social group such as health and mental care.

### PROJECT IMPLENTATION MODALITY

- Centers for the elderly will offer:
- Counseling service
- Psycho-social support for the elderly
- Some primary health services for the elderly (diagnosis, pressure measurement, etc.)
- Information and orientation of the various social services, health, legal offered;
- Providing opportunities to increase participation in recreational, social and cultural life;
- Domestic delivery service for seniors with special needs.
- Package food, clothing;
- Coffee service, the library and the Internet.
